HOW

BOULART.

CAN HELP

SAFE & SANITARY

Consumers are hyper aware of cross contamination and people manipulating their food. Sealing technology allows the product to travel well while minimizing manipulation. It's also the perfect product for online orders.

REDUCE LABOR & PROXIMITY

Our fully baked and blast frozen bread allows you to save time and reduce labor. Taking out what's needed without rebaking requires minimal work and allows operators to implement social distancing in their staff's work environment.

INVENTORY & SHRINK MANAGEMENT

This 100% baked and blast frozen product is readily available and can simply be thawed which allows better inventory management and helps reduce shrink.

QUALITY & FRESHNESS

Our fully baked breads can be enjoyed as is by the consumer or rebaked for a few minutes. Flow pack technology seals the freshness of our high quality breads that are certified:
